

How We Determine Where DECPAC Provides Support

Policies

The Devon Energy Corporation Political Action Committee (DECPAC) is investing in Devon's future by providing resources to candidates at the state and federal levels who support policies such as:

-  Responsible tax treatment for the oil and natural gas industry
-  Continued support for oil and natural gas exports
-  Responsible access to domestic energy sources
-  Reasonable regulation of air and water

Candidates

How do we determine which candidates to support? Contribution decisions are made by the DECPAC Board of Directors and are based on factors such as:

-  Candidate positions that indicate support of the company and energy industry key issues
-  Devon's presence in a candidate's state or legislative district
-  Candidate's committee assignments or leadership positions
-  Other factors the Board may consider at its discretion

Note from Chairman

On behalf of the Devon Energy Corporation Political Action Committee, I am pleased to present the 2023 DECPAC Annual Report.

With the generous support of our members, we were able to maintain and build stronger relationships with Devon's champions at the state and federal levels who align with our pro-energy and pro-business principles.

As we look to this year's general election cycle, it will be imperative that we continue to share our story and advance our advocacy goals. Thank you for helping us build a better and stronger energy future.

Sincerely,
Rick Muncrief,
Board Chairman
